Participant Funding  
Program

January 2018

The Canadian Nuclear Safety Commission (CNSC) offered funding under its Participant Funding Program (PFP)-support for CNSC meetings on matters of regulatory interest process, to facilitate an information-sharing meeting on January 14, 2017 between the Metis Nation of Ontario (MNO) Region 8 and CNSC staff.

The information gathered from the meeting will be included in a relevant Commission member document, to bring any valuable information directly to the Commission.

## **Background**

Participant funding-support for CNSC meetings on matters of regulatory interest was made available by the CNSC to:

- Enhance Aboriginal and stakeholder participation in the CNSC’s environmental assessment and licensing processes;
- Help stakeholders bring valuable information to the Commission.

A Funding Review Committee (FRC), independent from the CNSC, was established to review the funding application received by the CNSC’s PFP Administrator, and to make recommendations on the allocation of funding to the applicant.

The FRC member was: Mr. Paul Scott, retired Regional Director of the Canadian Environmental Assessment Agency’s Vancouver office.

On January 9, 2017 the FRC reviewed the PFP application received by the CNSC, requesting a total of \$1,934.

## **Eligibility and funding criteria**

For more information on participant funding and how it works, including details on eligibility and funding criteria, please read the [PFP guide](#).
