

CNSC Participant Funding Program Decision

CNSC Regulatory Oversight Report for
Uranium and Nuclear Substance Processing Facilities in
Canada: 2016

PFP
Participant Funding
Program

October 2017

The Canadian Nuclear Safety Commission (CNSC) announced on June 19, 2017, that it was offering a total of \$25,000.00 under its Participant Funding Program (PFP) to assist members of the public, Indigenous groups and other stakeholders in reviewing CNSC staff's Regulatory Oversight Report for Uranium and Nuclear Substance Processing Facilities in Canada: 2016 (2016 NPDF Report), and submitting written comments to the Commission. The deadline for submitting participant funding applications to the CNSC was August 21, 2017.

Background

Participant funding was made available by the CNSC:

- for the provision of new, distinctive and valuable information to the CNSC through informed and topic-specific interventions, and
- to assist interested parties to review CNSC staff's 2016 NPDF Report and submitting written comments to the Commission.

A Funding Review Committee (FRC), independent from the CNSC, was established to review the funding applications received by the CNSC's PFP Administrator, and to make recommendations on the allocation of up to \$25,000 for eligible applicants. The FRC was provided the flexibility to recommend funding beyond \$25,000 based on the value-added of the funding applications received.

The FRC members were:

- Paul Scott, a retired Regional Director of the Canadian Environmental Assessment Agency's Vancouver office
- Bruce Young, retired Canadian Environmental Assessment Agency Director

On August 28, 2017 the FRC met to review three PFP applications received by the CNSC, requesting a total of \$47,425.00.

Eligibility and funding criteria

For more information on participant funding and how it works, including details on eligibility and funding criteria, please read the [PFP guide](#).

CNSC participant funding decision

The Canadian Nuclear Safety Commission has carefully considered the FRC's recommendations on the allocation of participant funding for the CNSC Regulatory Oversight Report for Uranium and Nuclear Substance Processing Facilities in Canada: 2016 and has approved the reimbursement of up to \$32,055 to the following recipients:

Applicant	Maximum amount of available funding
Lake Ontario Waterkeeper	\$10,230.00
Northwatch	\$ 9,600.00
Algonquins of Ontario	\$12,225.00
TOTAL	\$32,055.00
