

CNSC Participant Funding Program Decision

CNSC Staff Meeting with English River First Nation
Regarding the CNSC's Regulatory Oversight Role for
Uranium Mines, Mills, Historic and Decommissioned Sites

PFP
Participant Funding
Program

December 2018

The Canadian Nuclear Safety Commission (CNSC) offered funding under its Participant Funding Program (PFP) to facilitate a meeting on December 11, 2018 between English River First Nation and CNSC staff. The purpose of the meeting was to discuss the CNSC's regulatory oversight role for uranium mines, mills, historic and decommissioned sites.

The information gathered from the meeting will be included in a relevant Commission member document and presented directly to the Commission.

Background

The CNSC made PFP support available to:

- enhance Indigenous and stakeholder participation in the CNSC's environmental assessment and licensing processes
- help stakeholders bring valuable information to the Commission

A funding review committee (FRC), independent from the CNSC, was established to review the funding application received by the CNSC's PFP administrator and to make recommendations on the allocation of funding to the applicant.

The FRC had one member, Mr. Steve Burgess, retired Canadian Environmental Assessment Agency director.

The CNSC received one PFP application requesting \$6,453.20 and this was reviewed by the FRC.

Eligibility and funding criteria

For more information on participant funding and how it works, including details on eligibility and funding criteria, please read the [PFP guide](#).

CNSC participant funding decision

The CNSC carefully considered the FRC's recommendation on the allocation of participant funding for English River First Nation to meet with CNSC staff, and approved the reimbursement of up to \$6,453.20.

| Applicant | Maximum amount of available funding |
|----------------------------|--|
| English River First Nation | \$6,453.20 |
| Total | \$6,453.20 |
